This series brings together speakers from across UT, the nation, and world to discuss their work and how they tackle current global challenges.

From decreased biodiversity to increased anti-microbial resistance, the health of all living organisms is affected by the health of others. This series will explore how solutions can be achieved by viewing these problems through a One Health lens.

Thursday, March 25, 2021 | 12 - 1pm EST

“Zoonoses and Pandemics: One Health, Ecohealth, and Beyond”

Dr. David Waltner-Toews
Professor Emeritus
Dept. of Population Medicine
University of Guelph
