This series brings together speakers from across UT, the nation, and world to discuss their work and how they tackle current global challenges.

From decreased biodiversity to increased anti-microbial resistance, the health of all living organisms is affected by the health of others. This series will explore how solutions can be achieved by viewing these problems through a One Health lens.

Thursday, September 28, 2023 | 12 - 1pm EST

Dr. Neil Vora

Reducing Risk of Spillover by Preventing Pandemics

Pandemic Prevention Fellow
